

SPONSOR SNL

Society for the Neurobiology of Language

International reach

Members in the society come from universities, hospitals, and research institutes around the world.

Medical and health industry

Attendees are researchers and clinicians. Many have hospital or medical affiliations due to work with patients including those with developmental disorders, neurodegenerative disease, epilepsy, or stroke.

Targeted visibility

Attendees of SNL are well-placed to influence purchasing decisions. A large number of our society have their own research grants, and thus control over discretionary funds spent on research equipment. Many are also on local advisory boards that recommend and oversee institutional resources such as MRI and MEG scanners, gene sequencing services, and clinical trials.

Why Sponsor the Society?

The Society for the Neurobiology of Language (SNL) will hold its 11th annual meeting in the beautiful city of Helsinki. We have seen tremendous growth over the last 11 years and anticipate over 550 attendees for our 2019 meeting. Our attendees span a range of career stages but include many members who are involved in recommending or deciding on purchases of equipment or services related to biomedical research, including neuroimaging, genetic testing, and clinical trials. The size of our conference assures you high visibility while still being able to reach a select group of researchers with significant influence in purchasing decisions.

LANGUAGE

Helsinki

Hailed as the “Daughter of the Baltic,” Helsinki is a renowned international meeting destination. Helsinki combines old world charm with modern architecture to create a sophisticated yet welcoming city. In fact, Helsinki is known for its friendliness and hospitality.

Attendees will enjoy many beautiful and historical sites, such as Senate Square, the Helsinki Cathedral, the iconic SkyWheel, and the beautiful Esplanadi Park. They can also experience the bustling Market Square, which features vendors selling fresh Finnish food, handicrafts, and souvenirs. Popular summer activities are dining in one of the many quaint outdoor cafés and taking the ferry from Market Square to Suomenlinna (Castle of Finland) and other nearby islands. Helsinki is truly the land of food, culture, and fun.

We hope that you will join us in Helsinki—the ultimate conference destination.

SNL 2019 Annual Meeting
August 20-22, 2019,
Helsinki, Finland
